Fee Waiver Program

About This Publication

The colleges and universities listed in this publication are cooperating with the College Board College Application Fee Waiver Program.

- Students who use fee waivers for the SAT or SAT Subject Tests™ and plan to enter college are eligible to receive up to four college application fee waivers (CAFWs). Only students eligible for fee waivers who have used SAT fee waivers or have participated in a state or district-sponsored SAT administration can use these forms.
- Some of the institutions listed do not charge application fees. Those that do charge fees and are listed here have agreed to consider waiving the application fee for applicants who have used SAT fee waivers during high school.
- Institutions listed in this publication are not obligated to waive their application fees, and some may require additional information before considering or granting an application fee waiver.
- Students should send CAFWs only to institutions included in this publication.
- Colleges and universities participating with the College Board College Application Fee Waiver Program may change periodically. We recommend students check our online search tool at collegeboard.org/waiver-colleges for the most current, up-to-date information.

CALIFORNIA STATE UNIVERSITY SYSTEM

In case of financial hardship, the California State University system allows for a limited number of campus application fee waivers for residents of California only. When filing the online application via CSUMentor.edu, the fee waiver request is included in the online system as part of the application process. You will be notified at the time you apply online if you qualify for the fee waiver. Please note: Eligibility for application fee waivers is not equivalent to the College Board or National School Lunch Program (NSLP) criterion. Qualifying for a College Board Fee Waiver or the National School Lunch Program does NOT automatically qualify you for a CSU Application Fee Waiver.

OREGON PUBLIC UNIVERSITIES

The public four-year universities in Oregon accept the College Board's Request for Waiver of College Application Fee form for application fee deferral rather than waiving the fee. This deferral means that eligible students do not need to pay the fee at the time of application, but instead pay the fee upon enrollment.
